Dear Mr Lim,

I write to thank you most warmly for the significant contribution your company made to our transportation requirements for the State Visit this month.

Your vehicles were principally used to move British High Commission staff and members of the Royal Household who travelled to Singapore with HM The Queen in support of the Visit. The smartness of your vehicles and the exemplary professionalism of your drivers made a very favourable impression on all.

Please pass my personal thanks to all the drivers involved.

Yours sincerely,

Alan Collins
